

Gratitude Pie

You'll need:

- Paper Plate
- 12x12" Orange construction paper
- 12x12" Beige construction paper
- Glue stick
- Brass fastener
- Marker
- Hot glue

Instructions:

1. With your orange construction paper, cut out a circle to fit inside your plate. This will be our pie filling.
2. Cut your beige construction paper into 1/2 inch strips.
3. Create a loose basket weave pattern with your beige strips by alternating weaving the strips above and below each other.
4. Apply glue to the top of your basket weave pattern, then place your orange circle on top. Flip it over and cut off the excess strips.
5. Cut out a slice of your pie filling, and use the brass fastener to poke a hole through the center of your pie filling & plate.
6. Accordion fold your remaining beige strips, then hot glue them to the outer edge of the plate.
7. Write "I'm Thankful For" on top of your pie filling, and have everyone write their answers in the blank pie space!
