

Snowy Sensory Bottle

Instructions:

1. Take all of your wintery goodies and put them inside of your empty water bottle.
2. Fill your bottle about halfway with water, and then the other half with your hair gel/glitter glue/corn syrup. Add a couple drops of blue food coloring.
3. Close your water bottle tightly and shake well to combine your mixture. Use glue to make your lid extra secure.

You'll need:

- Plastic water bottle
- Hair gel, glitter glue, or corn syrup
- Blue food coloring
- Small wintery bits and baubles, like:
